22nd April 2013

First of all, we took the underground to the square where we saw the ancient and the new London. We lost. We took some newspapers and we took photos in the London Bridge.

Then, we went to buy the tickets of the Tower of London. We passed to the Tower of London. Inside we watched the parts of the castle and how people lived in the Middle Age. There were a lot of people with costumes acting. In the buildings we could see animal sculptures because the castle was a zoo. It was very beautiful and very interesting. We learnt new things and we took a lot of photos.

We had lunch in a square near the Tower of London.

Then, we took the bus and we went to Trafalgar Square. There we took photos in the fountain, with the lion sculptures and with the National Art Gallery.

After that, we went to watch the Big Ben, the London Eye and the Parliament. It was very big and very beautiful.

Then, we went to Saint James Park. There were a lot of squirrels and we fed them. They were very cute.

After that, we went to Buckingham Palace. The Queen was at home because the flag was raised. We watched the Royal Guards.

We went to have dinner to a restaurant. Some of us bought some souvenirs at a near shop. We had a cheaper price.

Finally, we took the bus to go to the hotel. The bus was crowded.
